The Atlantic Refining Co.  
Box 871  
Midland, Tex.

Gentlemen:

Mr. W. A. Gressett, Oil & Gas Inspector for the Commission has made an inspection of the location for your State "AA" No. 1 in Unit I of Section 35, T-21-S, R-34-E and has found that the marker has been cemented in a barrel. This cannot be considered a permanent installation; the marker must be cemented in the top of the actual hole.

Please notify this office when this has been done so that a final inspection may be made and your Report of Final Plugging approved without further delay.

Yours very truly,

OIL CONSERVATION COMMISSION
