Shell Oil Co.
P.O. Box 145
Well, New Mexico

Gentlemen:

In accordance with the provisions of Commission Order No. 1-6-10 your State M No. 6 in Unit J of Section 1, T-21-S, R-36-E, Tarrant Pool, was reclassified as a gas well on May 1, 1958. This reclassification was due to a gas-oil ratio test taken on July 3, 1958 which showed the ratio to be 101,150:1.

In order for a gas allowable to be granted to the well, it will be necessary for you to obtain an MSP Order and submit Form C-128 indicating the acreage to be dedicated.

Yours very truly,

Re: Reclassification of
State "M" No. 6

Gentlemen:

The last gas-oil ratio test on your State "M" No. 6-J, 1-21-35 Eumont gas pool, shows a ratio of 106,448 to 1. In accordance with the provisions of Order R-520 this well is now a gas well. Therefore, it will be necessary to apply to the Santa Fe Office for a non-standard proration unit. Further, please file Form C-128 in duplicate indicating the acreage that is to be dedicated to this well.

The well will remain on the November Oil Schedule which will be sufficient time to comply with the above. Upon receipt of the order this well will be assigned a gas allowable in the Eumont pool.

Yours very truly,

HOBBS, NEW MEXICO

October 14, 1935

The Commissioner of
State Lands, Hobbs, N.M.

Mr. J. H. H. H.
Hobbs, New Mexico

Dear Sir:

The last of the oil wells in the Hobbs field, which was drilled in accordance with the provisions of the Act of October 1, 1925, is now a gas well. Therefore, it will be necessary to apply to the State Lands Office for a new standard in regard to the Hobbs field. Please refer to the attached for further information. The Hobbs field is a gas field.

The well will remain on the Hobbs field schedule which will be sufficient time to make with the above. Upon receipt of the order this well will be assigned a gas allowance in the Hobbs field.

Very truly yours,

W. H. Montgomery
Commissioner
