Attention: Mr. A. L. Porter, Jr.

Gentlemen:

We are in receipt of your Order R-553 dated September 28, 1955 concerning the flaring of casing head gas from our State Lea 407, well no. 1, Section 2, Township 21 South, Range 35 East in the ~~Front~~ Pool.

Negotiations were completed November 21, 1955 for Phillips Petroleum Company to install a gas connection and transport the casing head gas to their plant, however they have encountered some delay in obtaining a right of way and the connection has not been made.

Phillips has assured us that the well will be connected not later than December 15, 1955 and on the basis of this assurance we request an extension of allowable to this date.

Yours very truly
