P. O. Box 871  
Santa Fe, New Mexico

Re: The Amerada Petroleum Corp. Stat  
WE "F" #1 Well, Eumont Pool  
Lea County, New Mexico

Dear Mr. Macey:

This is to advise you that the above mentioned well currently carried on the gas proration schedule for the Eumont Gas Pool is disconnected from the facilities of El Paso Natural Gas Company.

Subject well was first turned into our system September 15, 1954. Deliveries were discontinued at 9 A.M. October 5, 1954, and by telephone on that date, and confirming letter dated October 6, 1954, Amerada advised that this well had been shut-in and requested that no additional gas be taken until we were further advised.

At such time as Amerada authorizes the taking of gas from their well and reconnection is made, a notice of gas connection will be filed with the Commission.

Yours very truly,

F. NORMAN WOODRUFF  
Gas Proration Engineer

Re: The American Petroleum Corp. Stat  
Well No. 1 Well, Box 100  
Los Angeles, California

Dear Mr. Macey:

In order to advise you that the above mentioned well currently carried on the  
gas production schedule for the El Paso Gas Pool is disconnected from the  
facilities of El Paso Natural Gas Company.

The well was first turned into our system September 15, 1954. It was  
then discontinued at 9:15 a.m. October 6, 1954, and by telephone on that date.  
The following letter dated October 7, 1954, American advised that this well  
had been shut-in and requested that no additional gas be taken until we were  
advised.

In such case American authorized the taking of gas from this well and  
connection is made, a notice of gas connection will be filed with the  
Commission.

Yours very truly,

W. L. WOODRUFF  
Gas Production Engineer
