

- d. That the method and manner in which the applicant proposes is both mechanically feasible and practical.
- e. That all rules and regulations set out by the New Mexico Oil Conservation Commission will be complied with, both in the completion and operation of this well.
- f. That a diagrammatic sketch of the proposed operation and a plat of the area showing the location of the well and its relation to all offset operations is hereto attached, complete and accurate to the best of our knowledge.
- g. That all offset operations are hereby notified by a copy of this application.
- h. That the entire 320 acres of the Mexico "W" Lease are at present dedicated to the Mexico "W" Well No. 1 gas well. If permission is granted to dual complete Well No. 4, two gas production units will be made with 160 acres dedicated to Well No. 1 and 160 acres dedicated to Well No. 4.
- i. That the above statements are true and correct to the best of my knowledge.

Therefore, applicant prays that the Secretary of the Commission grant permission to dual complete the above well and to grant an exception to Rule 9(a), Order R-520, without hearing, in the interest of conservation and protection of correlative rights.

Respectfully submitted,

That the motion and manner of the proposed is both reasonable and proper.

That all rules and regulations and the Mexico Oil Corporation shall be amended, both in the content and operation of the same.

That a diagrammatic sketch of the proposed operation and a list of the areas to be operated in the same, and the relation of the same to the other areas, be attached, complete and correct, to the case of the proposed operation.

That all other operations in the same be amended, both in the content and operation of the same.

That the entire 200 acres of the same be amended, both in the content and operation of the same, and the relation of the same to the other areas, be attached, complete and correct, to the case of the proposed operation.

That the above amendments be made and the same be attached, complete and correct, to the case of the proposed operation.

Therefore, applicant prays that the Commission grant permission to amend the above rules and regulations, and the Commission be authorized to make such amendments, and the Commission be authorized to make such amendments, and the Commission be authorized to make such amendments.

Respectfully submitted,
