OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the

Emperor Oil Company Empire-State Well No. 1 in SW-SW
Company or Operator Lease
of Sec. 5, T. 21S, R. 35E, N. M. P. M., Wildcat Field,
Lea County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

We propose to set a lead plug 4' long at 5648' and mud up to 1450' and set a wooden plug, size 8 5/8", 5' long in top of 8 5/8" casing at 1450'. We will mud up to top, cement and erect 4' marker.

APPROVED EXCEPT AS FOLLOWS: Inasmuch as the well herein was in fact plugged in the early days of the Commission, November 18, 1936, in the manner designated above and since the plugging of said well has not so far given any difficulty by causing waste, the approval is granted herein conditionally for the purpose of releasing the bond; however, if such plugging in the future should prove unsatisfactory by creating waste, then the Emperor Oil Company must proceed to plug the well so as to prevent such waste.
