Remarks

Inasmuch as the well herein was in fact plugged in the early days of the Commission, November 18, 1936, in the manner designated above and since the plugging of said well has not so far given any difficulty by causing waste, the approval is granted herein conditionally for the purpose of releasing the bond; however, if such plugging in the future should prove unsatisfactory by creating waste then the Emperor Oil Company must proceed to plug the well so as to prevent such waste.
