Date

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the

Cities Service Oil Company State "B" Well No. 4 in C. N. M. S. R.
Company or Operator Lease
of Sec. 7, T. 21S, R. 35E, N. M. P. M., West Eunice Field.
Lea County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

This well was drilled to a total depth of 3948' in Lime with 8 5/8" casing set at 262' and cemented to surface, and 5 1/2" OD casing set at 3633' and cemented with 350 sacks. After drilling to total depth the well was tested by swabbing and produced no oil, 5 barrel water per hour and no gas. It is proposed to cement the open hole (4 3/4)" with 25 sacks, find the freeze point of the 5 1/2" casing, shoot it off and reclaim all possible 5 1/2" casing and plug the hole by loading it with mud, spotting 25 sacks above the cut off 5 1/2" casing and cementing inside the surface pipe to the surface leaving a 4" pipe for a marker.

Approved DEC 15 1947, 19____
