Gentlemen:

A recent gas-oil ratio test on the lower zone of your State WE "A" No. 2 located in Unit C of Section 12, T-21-S, R-35-E indicated that it was in excess of 100,000/1 and, therefore, it must be reclassified as gas in the Eumont Gas Pool. Since the upper zone is also in the Eumont Gas Pool, it will be necessary that the lower zone in this well be shut in effective March 1, 1971.

Yours very truly,

OIL CONSERVATION COMMISSION

Joe D. Ramey
Supervisor, District 1

OIL CONSERVATION COMMISSION

HOBBS, NEW MEXICO 88240

January 1, 1971

Mr. J. Edgar Hoover
Federal Bureau of Investigation
Washington, D.C.

Dear Sir:

I am writing to you regarding the oil conservation commission. I have been informed that you are interested in the work of the commission. I would like to provide you with some information regarding the commission's activities. The commission was established in 1965 and has since that time been working to conserve oil resources. It has been successful in many areas, including the development of new oil fields and the improvement of oil production techniques. I would like to provide you with a list of the commission's activities and a copy of its report. I would also like to provide you with a copy of the commission's budget. I would like to provide you with a copy of the commission's report. I would also like to provide you with a copy of the commission's budget.

Sincerely,
J. Edgar Hoover

Very truly yours,
J. Edgar Hoover
