Attention Mr. Raymond Lamb

Gentlemen:

Your Form C-103 to plug and abandon Shell State No. 15 (Section 18, T-21-S, R-35-E) and State Btry. 7 No. 26 (Section 23, T-21-S, R-34-E) have been approved, but with the following change: if the 7" casing is not pulled and a 100' plug placed $\frac{1}{2}$ in and $\frac{1}{2}$ out of the stub, the casing will need to be perforated at approximately 400' and squeezed with 50 sacks of cement. A 100' plug at the top of the salt will not be required.

Yours very truly,

OIL CONSERVATION COMMISSION

Jerry Sexton
Supervisor, District 1
