Attention: Mr. V. T. Lyon

Gentlemen:

This is with reference to your letter of November 1, 1960 requesting a 640 acre Eumont gas unit to be dedicated to your State "F" Well No. 1.

Since your State "F" No. 1 is located 660 feet from the outer boundary of your unit, this is a non-standard location. In view of this it will be necessary that you obtain a Non-Standard Location Order from the Commission before we can assign 640 acres to this well.

If your State "F" Well No. 5 has been disconnected from the transportation system, this office should be notified with a Disconnect Notice at your earliest convenience.

Yours very truly,

OIL CONSERVATION COMMISSION
