New Mexico Oil Conservation Commission
Post Office Box 2045
Hobbs, New Mexico

Attention of Mr. Joe D. Ramey

Gentlemen:

We forward herewith Form C-128, in triplicate, for our State F-1 Well No. 1. As shown on the form, we propose to allocate 640 acres consisting of Lots 9, 10, 11, 12, 13, 14, 15 and 16, and the South half of Section 1, T-21S, R-36E.

Order No. R-941 has previously allocated 320 acres (South half of the section) to this well. Order No. NSP-353 had previously allocated 240 acres (Lots 10 through 15) to Well No. 5. Well No. 5 is shut-in.

This section is non-standard, in that it contains 320 excess acres. Inasmuch as the proposed proration unit consists of 640 acres in the form of a square, contained within a single Governmental section, it is respectfully requested that the proposed unit be considered as a standard Governmental section.

It is further respectfully requested that the 640 acre unit shown on the attached plat be approved as a standard gas proration unit in the Eumont Gas Pool under the provisions of Rule 5-A of the General Rules and Regulations for the prorated
