Your letter of July 12, 1961

Gentlemen:

We are returning Packer Leakage Tests on our State "G" No. 1 located in Unit C of Section 17, T-21-S, R-36-E as per your request. There was no fluid produced on the gas zone.

In the past we have furnished the Santa Fe office two copies of this form in addition to those furnished you. Two copies each of the above were made for your office.

If additional information or data is required, please advise.
