Re: Eunice Monument Unit #248-S
Sec. 6, T21S, R36E

Gentlemen:

The above-referenced well taken over from ARCO after they had squeezed the Eumont zone has been in our pending file since early 1988. ARCO advised that Chevron would be responsible for filing the recompletion of the well as a Eunice-Monument GB/SA producer.

According to your monthly operator's report production is being reported. In order to bring this well file up to date, please file a completion report, Form C-105, for the GB/SA and also a C-104 so an allowable can be assigned.

Very truly yours,

OIL CONSERVATION DIVISION
