Gentlemen:

You are hereby notified that it is our intention to commence the drilling of a well to be known as

Atlantic Oil Producing Company - State "L"

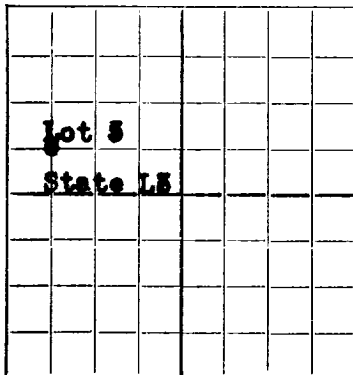

Well No. 3 in Con. Lot 5,

Company or Operator

Lease

of Sec. 6, T. 21 S, R. 36 E, N. M. P. M., Eunice Field, Lea County.

N.

AREA 640 ACRES
LOCATE WELL CORRECTLY

~~Section 5, T 21 S, R 36 E, N. M. P. M., Lea County, Texas~~
[Subst. the NORTH line and 640 feet
Center of Lot 5, Section 5, T 21 South, R 36 East
[E.] [W.] of the line of

(Give location from section or other legal subdivision lines. Cross out wrong directions.)

If state land the oil and gas lease is No. A-1575 Assignment No. -

If patented land the owner is -

Address -

If government land the permittee is -

Address -

The lessee is Walter J. Wallace, Trustee, H.F. Keenan, et al

Address -

We propose to drill well with drilling equipment as follows: -

Rotary

The status of a bond for this well in conformance with Rule 39 of the General Rules and Regulations of the Commission is as follows: See your files

We propose to use the following strings of casing and to land or cement them as indicated:

Size of Hole	Size of Casing	Weight Per Foot	New or Second Hand	Depth	Landed or Cemented	Sacks Cement
16"	12 1/2"	50#	S.H. Lapweld	300'	Cemented	Cement to surface
11 3/4"	8 1/2"	32#	New	1600'	Cemented	800
7-7/8"	5 1/2"	17#	New Seamless	3850'	Cemented	800

If changes in the above plan become advisable we will notify you before cementing or landing casing. We estimate that the first productive oil or gas sand should occur at a depth of about 3800 feet.

Additional information:

Approved 436, 19 -

Title -

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that proper record-keeping is essential for transparency and accountability, particularly in financial matters. The text suggests that organizations should implement robust systems to track every detail, from small expenses to major investments.

2. In the second section, the author addresses the challenges of data management in a rapidly changing digital landscape. It highlights the need for secure storage solutions and regular backups to prevent data loss. The text also touches upon the importance of data privacy and the legal implications of mishandling sensitive information.

3. The third part of the document focuses on the role of technology in streamlining operations. It argues that adopting modern software and tools can significantly reduce manual errors and improve efficiency. The author provides examples of various technologies, such as cloud computing and artificial intelligence, and how they can be integrated into existing workflows.

4. The fourth section discusses the importance of continuous learning and professional development. It encourages individuals to stay updated with the latest industry trends and acquire new skills to remain competitive. The text suggests that organizations should invest in training programs and provide opportunities for employees to attend conferences and workshops.

5. The fifth part of the document explores the concept of sustainability and its impact on business performance. It argues that sustainable practices, such as reducing waste and conserving energy, can lead to long-term cost savings and a positive brand reputation. The author also mentions the growing demand for sustainable products and services from consumers.

6. The sixth section addresses the issue of cybersecurity and the risks associated with digital threats. It emphasizes the need for strong security protocols, including firewalls, antivirus software, and employee training on phishing attacks. The text also discusses the importance of incident response plans to minimize damage in the event of a breach.

7. The seventh part of the document discusses the importance of effective communication and collaboration within an organization. It suggests that clear communication channels and regular team meetings can foster a sense of unity and improve productivity. The author also mentions the benefits of using collaboration tools like video conferencing and shared document platforms.

8. The eighth section focuses on the importance of financial planning and budgeting. It argues that having a clear financial roadmap is crucial for the long-term success of any organization. The text provides tips on how to create a realistic budget and track expenses to ensure financial stability.

9. The ninth part of the document discusses the importance of customer feedback and satisfaction. It suggests that organizations should actively seek out customer opinions and use them to improve their products and services. The author also mentions the benefits of loyalty programs and personalized marketing strategies.

10. The final section of the document provides a summary of the key points discussed and offers some concluding thoughts. It reiterates the importance of a holistic approach to business management, where all aspects of the organization are carefully monitored and optimized for success.
