Gentlemen:

Following is a notice of intention to do certain work as described below at the

Gulf Oil Corp. Gypsy Prodn. Div. Orcutt State "C" Well No. _____ in _____
Company or Operator Lease
of Sec. 6, T. 21S, R. 36E, N. M. P. M., Eunice Field,
Lea County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

Authority is requested to produce six wells on our Orcutt State "C" lease, located in the Eunice Pool, in a central tank battery. At the present these six wells are being produced into two batteries as follows: Wells 1, 2 & 6 in two 16 x 10 and one 22 x 10' tanks; wells 3, 4 and 8 in four 16 x 10 tanks. One tank from the second battery is needed elsewhere, therefore it is proposed to produce the six wells into one battery of five 16' x 10' and one 22' x 10' tanks. This proposed change will provide adequate facilities and storage to take care of any testing which is to be done for each well. Separators and headers are so located that these tests may be made. All wells are located on the same basic property.
