Gulf Oil Corporation

M. Campbell

Well No. 2 in C. NW SW

Company or Operator

7

21 S

Lease

36 E

of Sec., T., R., N. M. P. M. Eunice Field.

Lea

County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

This well was completed February 8, 1937 at a total depth of 3900' in the Upper San Andres formation as an oil well. It was temporarily abandoned in December 1946 due to the fact that the well was producing 98% water of total fluid. The well has remained in that status to date. We propose to run a radio activity log, set a Baker cement retainer at 3715', and plug off the exposed formation below with 50 sacks of cement. We then propose to Jet perforate with 2 holes per foot the Yates formation over intervals determined from the log, in an effort to develop commercial gas production.

The 160 acres designated for this gas well is the SW 1/4 of Sect. 7, Township 21 S, Range 36 E.

Approved..... MAY 31 1951..... 19.....
