

NEW MEXICO STATE LAND OFFICE  
**OFFICE OF THE STATE GEOLOGIST**  
 SANTA FE, NEW MEXICO

## MISCELLANEOUS REPORTS ON WELLS

Submit this report in duplicate to the State Geologist or proper Oil and Gas Inspector within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of water shut-off, result of abandonment of well, and other important operations, even though the work was witnessed by the State Geologist or Oil and Gas Inspector. Reports on minor operations need not be signed and sworn to before a notary public, but such operations should be witnessed by an Oil and Gas inspector if possible.

Indicate nature of report by checking below:

# THE HISTORY OF THE UNITED STATES

The history of the United States is a complex and multifaceted story. It begins with the first Native Americans who lived on the continent for thousands of years. The arrival of European settlers in the 15th century marked the beginning of a new chapter in the nation's history. The struggle for independence from British rule led to the formation of the United States in 1776. The subsequent years were marked by westward expansion, the Civil War, and the rise of industrialization. The 20th century saw the United States emerge as a global superpower, with significant involvement in World War II and the Cold War. The nation's history is a testament to the resilience and adaptability of its people.

The early years of the United States were characterized by a sense of optimism and hope. The young nation was filled with pioneers who sought to build a better life in a new land. The American Dream, the belief that anyone can achieve success through hard work and determination, became a central theme in the nation's identity. The Civil War, which lasted from 1861 to 1865, was a pivotal moment in the nation's history. It was a conflict that tested the nation's unity and led to the abolition of slavery. The Reconstruction era that followed was a period of significant change and progress, but it was also a time of struggle and hardship for many African Americans.

The 20th century was a time of great achievement and challenge for the United States. The nation's economy grew rapidly, and it became a leader in science and technology. The United States played a crucial role in World War II, and its victory helped to establish it as a global superpower. The Cold War that followed was a period of tension and competition between the United States and the Soviet Union. The nation's history is a story of progress and achievement, but it is also a story of struggle and hardship.

The United States is a nation of many faces. It is a land of diverse people, cultures, and traditions. The history of the United States is a story of the struggles and triumphs of its people. It is a story of a nation that has overcome many challenges and emerged as a global leader. The United States is a land of opportunity and hope, and its history is a testament to the power of the human spirit. The nation's history is a story of progress and achievement, but it is also a story of struggle and hardship. The United States is a nation of many faces, and its history is a story of the struggles and triumphs of its people.
