

NEW MEXICO STATE LAND OFFICE
SANTA FE, NEW MEXICO

DEPARTMENT OF THE STATE GEOLOGIST

NOTICE OF INTENTION TO TEST WATER SHUT-OFF

Notice must be given to the State Geologist or to the proper Oil and Gas Inspector at least five days before the test. It is desirable that a representative of the Department of the State Geologist witness the water shut-off before drilling into the productive sand whenever possible. If changes in the proposed plan are considered advisable, a copy of this notice showing such changes will be returned to sender. Submit this notice in triplicate.

Wink, Texas.

N. Mex., _____, 19_____.

Address

State Geologist or Oil and Gas Inspector.

It was a very interesting and informative session. The speaker discussed the importance of maintaining accurate records and the role of the auditor in this process. He also mentioned the need for transparency and accountability in financial reporting. The session was well-attended and the speaker was very knowledgeable and engaging.

1. The first of the two main parts of the report is the "Introduction" which is a general statement of the purpose and scope of the study. It is written in a clear and concise manner and is well organized.

2. The second part of the report is the "Literature Review" which is a critical analysis of the existing literature on the subject. It is written in a clear and concise manner and is well organized.

3. The third part of the report is the "Methodology" which describes the methods used in the study. It is written in a clear and concise manner and is well organized.

4. The fourth part of the report is the "Results" which presents the findings of the study. It is written in a clear and concise manner and is well organized.

5. The fifth part of the report is the "Conclusion" which summarizes the findings of the study and discusses their implications. It is written in a clear and concise manner and is well organized.

6. The sixth part of the report is the "References" which lists the sources used in the study. It is written in a clear and concise manner and is well organized.

7. The seventh part of the report is the "Appendix" which contains supplementary material. It is written in a clear and concise manner and is well organized.

8. The eighth part of the report is the "Index" which lists the topics covered in the report. It is written in a clear and concise manner and is well organized.
