Circular 1, San Antonio
November 11, 1916

Mr. J. B. Hendley
Newell, New Mexico

Dear Mr. Hendley:

I am returning herewith Form CC-151, "Notice of Intention to Drill New Well for and Carry On Oil Matters Wells No. 1 and No. 2 located in Sec. 11, T. 11 N., R. 36 E., and there are made out on the old forms, and which forms are now obsolete. Kindly destroy all of your old "CC" forms and use the new "CC" forms, with the exception of Form CC-110A, "Production Quarterly Statement", which is still being used.

I am sending you a complete supply of the new forms to be used in this connection. Also I am sending you copies of Circular No. 1 and No. 2 of the Oil Conservation Commission for your information. All drilling reports and notices are to be submitted direct to the Central Office.

I am asking the Santa Fe office to send you a form of bond that will be acceptable, as you undoubtedly know, a proper drilling bond must be filed with the Oil Conservation Commission, Santa Fe, New Mexico, before drilling operations begin.

Very truly yours,

FHV:t
