WILDERNESS MONUMENTS ON WILDERNESS

The purpose of this report is to provide information on the status of the wilderness areas within the National Wilderness System. The report is based on a review of the records of the Bureau of Land Management, and on field visits to the areas in question. The report is intended to provide information to the public, and to the Congress, on the status of the wilderness areas within the National Wilderness System.

The report is organized into two main parts. The first part, "Introduction," provides a general overview of the National Wilderness System, and of the Bureau of Land Management's role in the system. The second part, "List of Wilderness Areas," provides a detailed list of the wilderness areas within the National Wilderness System, and of the status of each area. The list includes the name of the area, the location of the area, the size of the area, and the status of the area. The status of the area is indicated by a code, which is defined in the "List of Wilderness Areas" section.
