

(c) the entire unit may reasonably be presumed to be productive of gas,

(d) neither its length nor its width exceeds 5280', and

(e) all operators owning interests within the same governmental section as the proposed unit which are not included in the unit, and all operators owning interests within 1500' of the well to which this unit is proposed to be allocated, have been notified of Atlantic's intent to form this unit by means of a copy of this application sent by registered mail.

5. Tumont gas under the proposed non-standard unit has been pooled. Three copies of the New Mexico Oil Conservation Commission's revised Form C-128 are attached in accordance with the New Mexico Oil Conservation Commission Order R-985.

6. The granting of this application for the non-standard gas proration unit is in the interest of conservation and the protection of correlative rights.

Respectfully submitted,

THE ATLANTIC REFINING CO.
