**Re: Atlantic #1 Coleman**  
17-21S-36E

Dear Sir:

Reference is made to the October production figures on the above captioned well.

Through error the October proration schedule charges this well with 3852 Mcf production. This volume was the casinghead gas volume produced and sold from another zone productive in the well. Our records reflect no production from the bradenhead zone. Our January proration schedule will reflect this correction.

Very truly yours,

**W. B. Macey**
