Proposed NSP 278
Proposed NSL

Gentlemen:

I have examined the application dated 6/12/56
for the Continental Oil Co. Lockhart A-18 #1 18-21-36
Operator Lease and Well No. S-T-R

and my recommendations are as follows:

O.K.—C.M.R.

Although this office has no logs, from depth & datum intervals, the #1 well
has the Queen open as gas & the #2, #5 & #4 have Queen oil. Recommend hearing
to prove that all acreage is prodjctive of dry gas. The #3 well is a Yates gas
well & no danger exists under present dedication. R. F. M.

Yours very truly,
