Gentlemen:

By letter from this office dated July 17, 1979, you were advised that your Lockhart A-18 Well No. 4 located in Unit M of Section 18, T-21-S, R-36-E, was being reclassified as a gas well in the Eumont Gas Pool effective September 1, 1978, and that the oil allowable would be cancelled effective that date. The letter further stated that no gas allowable would be assigned until you had complied with the special rules for gas wells in the Eumont Pool.

To date the well does not have an allowable, although production is being shown on Form C-115. Please give this matter your immediate attention.
