Section 18, T21S, R36E

Gentlemen:

Conoco re-entered their Lockhart A-18 well #5 in 1986 and converted it to a useable wellbore and Chevron assumed operation of the well in July 1987 when you filed a change of operator.

As of this date we have received no further reports on this well. Please file completion reports or a status update.

Very truly yours,

OIL CONSERVATION DIVISION
