Gentlemen:

Following is a Notice of Intention to do certain work as described below at the.....

Cities Service Oil Company State **"C"** Well No. **1** in **L**

NW $\frac{1}{4}$ **SW** $\frac{1}{4}$ of Sec. **16**, T. **21S**, R. **36E**, NMPM., **Bunice Monument** Pool
 (40-acre Subdivision)
Lea County.

FULL DETAILS OF PROPOSED PLAN OF WORK (FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS)

State "C" No. 1 was originally completed in the Grayburg as an oil well in July 1935. It produced continuously until 1953 when production declined to a point where the well was non-commercial. An attempt was made to restore production by dolerfracing. No further remedial work was considered economically justifiable and the well was shut in.

It is proposed to plug-off the open hole and recompleate as a dry gas well in the Yates and Seven Rivers Formations of the Bunice Gas Pool through perforations at approximately 3100'. A gamma ray and neutron log will be run in connection with the recompletion.
