Mr. D. D. Bodie
Empire Gas & Fuel Company
Hobbs, New Mexico

Dear Mr. Bodie:

This is in connection with the locations of your State C-1 and State C-3 wells, in the SW $\frac{1}{4}$ of Sec. 16, T. 21 S., R. 36 E., Eunice Field.

The Notice of Intention to Drill New Wells on your State C-1 and State C-3, show these wells to be located in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 16, which would be the same 40-acre unit. This, as you know, is not in accordance with the rules and regulations of the Oil Conservation Commission.

The footage description of your State C-1, (according to the Notice of Intention to Drill New Well), is 2310' N. of the S. line and 2310' E. of the W. line of the SW $\frac{1}{4}$. This should read 2310' N. of the S. line and 330' E. of the W. line.

In order to keep my records straight, will you kindly submit a letter authorizing me to change the footage description of your State C-1 well?

Very truly yours,

FJV:t

F. J. Vesely,
State Oil & Gas Inspector.
