Re: State "F" DE No. 1  
Eumont Gas Recompletion  
Sec 19, T-21S, R-36E  
Lea County, New Mexico

Dear Mr. Ramey:

Atlantic Richfield Company requests administrative approval to simultaneously dedicate a previously established 185-acre Eumont gas proration unit to two wells, the State "F" DE No. 1 and No. 3. Currently, the unit, SW/4 and SW/4 NW/4 of Section 19, T21S, R36E is classified as marginal with all acreage dedicated to the State "F" DE No. 3. The non-standard 185-acre unit was approved by the New Mexico Oil Conservation Commission Order No. R594, case No. 829 dated February 28, 1955. The State "F" DE No. 1 is completed in the Eumont oil. Atlantic Richfield plans to abandon that zone and recomplete in Eumont gas.

Atlantic Richfield Company believes approval of this request will protect correlative rights, promote conservation and encourage the efficient recovery of gas reserves. Attached are an acreage dedication plat, a map of the area, and a list of offset operators who are being notified with a copy of this application.

Very truly yours,

J. L. Tweed
