Hobbs, New Mexico 88240

Attention Mr. Jerry Sexton

Gentlemen:

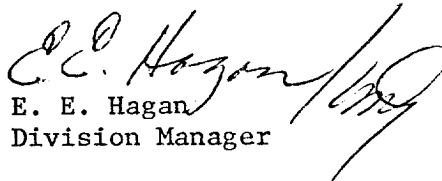

We have a request from Mr. R. L. Stamets of Santa Fe requesting a form C-125 gas well shut-in pressure report for this well.

This well previously produced from the annulus between 7" x 9 5/8" casing strings but has not produced since September 1974 for economic reasons. The zone has apparently watered out and the well died.

The communitization agreement expired in September 1974 (see letter attached) and no further production is anticipated.

By copy of this letter as per your instructions to our Mr. C. J. Bowman we are respectfully requesting that we be granted an exemption from filing forms C-125.

Yours very truly,

E. E. Hagan
Division Manager
