

NEW MEXICO STATE LAND OFFICE
OFFICE OF THE STATE GEOLOGIST
SANTA FE, NEW MEXICO

MISCELLANEOUS REPORTS ON WELLS

Submit this report in duplicate to the State Geologist or proper Oil and Gas Inspector within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of water shut-off, result of abandonment of well, and other important operations, even though the work was witnessed by the State Geologist or Oil and Gas Inspector. Reports on minor operations need not be signed and sworn to before a notary public, but such operations should be witnessed by an Oil and Gas Inspector if possible.

Indicate nature of report by checking below:

UNITED STATES DEPARTMENT OF AGRICULTURE
BUREAU OF PLANT INDUSTRY
WASHINGTON, D. C.

ANNUAL REPORT OF THE BUREAU OF PLANT INDUSTRY

The Bureau of Plant Industry, United States Department of Agriculture, was organized on July 1, 1905, by the transfer of the plant industry functions of the United States Department of the Interior to the United States Department of Agriculture. The Bureau has since that time been engaged in the study and investigation of the plant life of the United States, and in the dissemination of information regarding the same.

The Bureau has been organized into three divisions: the Division of Plant Industry, the Division of Plant Quarantine, and the Division of Plant Pathology. The Division of Plant Industry is charged with the study and investigation of the plant life of the United States, and with the dissemination of information regarding the same. The Division of Plant Quarantine is charged with the study and investigation of the plant life of the United States, and with the dissemination of information regarding the same. The Division of Plant Pathology is charged with the study and investigation of the plant life of the United States, and with the dissemination of information regarding the same.
