

NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS NOTICES

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the

Stanolind Oil and Gas Company State "N" Well No. 1 in SW/4 NW/4

Company or Operator

Lease

of Sec. 22, T. 21-S, R. 36-E, N. M. P. M., Eunice Field,

Lea

County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

Recent remedial work performed has failed to increase production and we herewith propose to run a Permeability Profile Survey from which necessary data can be obtained for selectively acidizing this well with 2000 gallons. If the survey indicates that the permeable zone is located near the bottom of the well, then we propose to plug off same with Ottawa sand, and the interval above the plug, selectively acidized. However, if the survey indicates that the permeable zone is located near the top of the pay horizon then a packer will be set below this permeable zone and the remainder of the hole selectively acidized. We believe the performance of remedial work as set forth above will stimulate oil production satisfactorily.

Approved _____, 19____
