

NE MEXICO OIL CONSERVATION CO. COMMISSION  
SANTA FE, NEW MEXICO

MISCELLANEOUS NOTICES

RECEIVED

SEP 23 1951

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any conditions, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

of Sec. 22, T. 21S, R. 36E, N. M. P. M., Field.

Lea

County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

This well was completed November 4, 1936, at a total depth of 3995' in the Upper San Andres as an oil well. It was temporarily abandoned in 1948 as an oil producer due to the fact that the well produced water only. The well has remained in that status to date.

We propose to run a radio activity log, set a Baker type cement retainer at 3720' and plug off the exposed formation below with 100 sacks of cement. We then propose to jet perforate with 2 holes per foot over intervals determined by the log in an effort to develop commercial gas production.

The 160 acres designated for this gas well is the NE 1/4 of Sec. 22-21S-36E.

Approved \_\_\_\_\_, 19\_\_\_\_
