Gentlemen:

This is to advise that on February 1, 1982 the Exxon Corp.'s New Mexico State G #5 (Eumont Queen) gas well located in Unit E of Section 23, Township 21S, Range 36E, Lea County, New Mexico was temporarily disconnected from El Paso Natural Gas Company's gathering system. This meter will remain on location temporarily, but inoperative, until permanent status of the measuring arrangement is determined.

This disconnection was due to inability of well to produce into El Paso Natural Gas Company's gathering system. (Meter #61-247-01)
