Gentlemen:

Effective September 1, 1962 your New Mexico State "G" No. 5 located in Unit E of Section 23, T-21-S, R-36-E is reclassified as a gas well in the Eumont Gas Pool. This reclassification is necessitated by your recent gas-oil ratio test which indicated the well to be producing with a ratio in excess of 100,000:1.

Effective September 1, 1962 please shut in this well and leave the well shut in until you have complied with the provisions of Commission Order No. R-1670 which apply to the Eumont Gas Pool.

Yours very truly,

OIL CONSERVATION COMMISSION
