Attention: Mr. Rogers

Gentlemen:

This is in reply to your written request for an extension of time for the flaring of gas from your State "G" Well No. 5 E, 23-21-36, Eumont Pool.

Since the securing of a gas transporter still seems to be uncertain, the Commission feels that you should apply for a No Flare Order. In order that you may continue to produce the well until a No Flare Order can be secured, you are hereby granted a 30-day exception to the No Flare Rule.

We feel that we should remind you that in the future no transporter should be designated on Form C-110 until the connection is made.

Very truly yours,

A. L. PORTER, JR.
Secretary-Director
