Re: State G #2-P 26-21-36

Gentlemen:

We are holding Form C-110 on your State G #2-P 26-21-36, Arrow pool, without approval until you have applied for and received a non-standard proration order approving a non-standard gas unit in the Arrow pool. In the meantime, we will continue to list the well with a three barrel allowable in the oil proration schedule until March 31st, which should allow you sufficient time to obtain the non-standard proration unit order. If you do desire that the oil allowable be cancelled prior to that time, please advise.

Pending approval of your application for an MSP order, you should file Form C-128 "Gas Well Plat" with this office, outlining the acreage which is to be dedicated to the well.

Yours very truly,

OIL CONSERVATION COMMISSION
