TABLE 10-10-10: Foundation Work. This table provides a detailed breakdown of the costs associated with foundation work, including excavation, concrete, reinforcement, formwork, backfill, inspection, painting, cleaning, curing, testing, material, labor, equipment, transport, storage, disposal, maintenance, repair, replacement, removal, relocation, reconstruction, renovation, restoration, and rehabilitation. The quantities, unit prices, and amounts are listed for each item, along with any relevant remarks.
