Dr. E. H. Wells
State Geologist
Santa Fe, New Mexico

Dear Dr. Wells:

I am enclosing herewith all of the forms for State "B" No. 1 well, in NW $\frac{1}{4}$, Sec. 29, T. 21 S., R. 36 E., of the Humble Oil & Refining Company.

You will note there are two Well Logs (both originals). One was submitted on December 11th and the other was submitted on December 29th as you requested the Humble Oil & Refining Company in your letter of December 21st that they send in the Well Log for the above mentioned well in order that you might approve their form SG-109.

The reason I did not send the Well Log in to the Santa Fe office at the time I received it is because I keep all forms (both originals and duplicates) until I have a complete set, then I forward the originals to Santa Fe and keep the duplicates in this office. Mr. Hunter used this system and found it satisfactory, but if you think I should send all originals, upon their receipt, to the Santa Fe office, kindly notify me and I will do so in the future.

Very truly yours,

FJV:t

Encls.

State Oil & Gas Inspector.
