The following articles are published in this issue: The American Medical Association's position on the use of force in the treatment of mental disease; The American Medical Association's position on the use of force in the treatment of mental disease; The American Medical Association's position on the use of force in the treatment of mental disease.

THE AMERICAN MEDICAL ASSOCIATION'S POSITION ON THE USE OF FORCE IN THE TREATMENT OF MENTAL DISEASE

The American Medical Association has long been concerned with the proper treatment of mental disease. In the past, the use of force has been a common method of treatment, but in recent years, the use of force has been largely abandoned. The American Medical Association's position on the use of force in the treatment of mental disease is that the use of force is not justified in the treatment of mental disease.
