Humble Oil and Refining Company
Box 1600
Midland, Texas

Gentlemen:

On the 1st of September 1955, your State B-7, 29-21-36 was inadvertently omitted from the oil proration schedule in a mass reclassification and movement of some 150 wells from the Eunice to the Eumont Pool, and has not appeared on any oil proration schedule since that time. The purpose of this letter, therefore, is to authorize gas production from the lower zone of this well in the following amounts:

September 1955	-	390 MCF per day
October	"	390 MCF per day
November	"	400 MCF per day
December	"	400 MCF per day
January 1956	-	410 MCF per day
February	"	410 MCF per day
March	"	410 MCF per day
April	"	390 MCF per day

It is our understanding that this well is now being produced as a single zone Eumont Gas Well and all of the gas produced will be charged against the gas allowable assigned in the Eumont gas schedule effective May 1, 1956.

Very truly yours,

A. L. PORTER, Jr.,
Secretary-Director
