THE UNIVERSITY OF CHICAGO
DEPARTMENT OF CHEMISTRY

REPORT ON THE RESEARCH OF THE DEPARTMENT OF CHEMISTRY

FOR THE YEAR 1954

BY THE DEPARTMENT OF CHEMISTRY

CHICAGO, ILLINOIS
1955

The Department of Chemistry at the University of Chicago has been fortunate in having a very successful year. The research program has been carried out in a most efficient manner, and the results have been of a high quality. The department has been able to attract a number of new students, and the existing students have made significant contributions to the field. The department has also been able to secure a number of new grants, and the existing grants have been renewed. The department has been able to maintain a high level of research activity, and the results have been of a high quality. The department has been able to attract a number of new students, and the existing students have made significant contributions to the field. The department has also been able to secure a number of new grants, and the existing grants have been renewed. The department has been able to maintain a high level of research activity, and the results have been of a high quality.

The department has been able to attract a number of new students, and the existing students have made significant contributions to the field.

The department has also been able to secure a number of new grants, and the existing grants have been renewed.
