

NEW MEXICO OIL CONSERVATION COMMISSION
Santa Fe, New Mexico

MISCELLANEOUS NOTICES

Submit this notice in TRIPLICATE to the District Office, Oil Conservation Commission, before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, on the objection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

OIL CONSERVATION COMMISSION
 SANTA FE, NEW MEXICO

Midland, Texas
 (Place)

July 15, 1952
 (Date)

Gentlemen:

Following is a Notice of Intention to do certain work as described below at the J. K. Rector

The Texas Company Well No. 4 in 0
 (Company or Operator) (Unit)

SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 30, T 21-S, R 36-E, NMPM., Eunice Pool
 (40-acre Subdivision)
Lea County.

FULL DETAILS OF PROPOSED PLAN OF WORK
 (FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS)

This well was completed May 4, 1937 at a total depth of 3,950 feet with an IP of 441 barrels of oil, 18.4 barrels of water, with a gas-oil ratio of 725. cubic feet per barrel of oil in 9 1/2 hours. Water encroachment killed the well. In February, 1951 well was plugged back to 3,786 feet and gas production was established through casing perforations from 3,758 to 3,785 feet.

The deliverability pressure required by the gas purchaser is in excess of the present capabilities of the well. Consequently we desire to perforated the 7" casing higher in the section.

Approved [Signature], 19 52
