

NEW MEXICO OIL CONSERVATION COMMISSION
Santa Fe, New Mexico

REQUEST FOR (OIL) - (GAS) ALLOWABLE

(Form C-104)
Revised 7/1/57
HOBBBS OFFICE
1959 MAR 20
Recompletion

This form shall be submitted by the operator before an initial allowable will be assigned to any completed Oil & Gas well. Form C-104 is to be submitted in QUADRUPLICATE to the same District Office to which Form C-101 was sent. The allowable will be assigned effective 7:00 A.M. on date of completion or recompletion, provided this form is filed during calendar month of completion or recompletion. The completion date shall be that date in the case of an oil well when new oil is delivered into the stock tanks. Gas must be reported on 15.025 psia at 60° Fahrenheit.

Hobbs, New Mexico March 19, 1959

OIL CONSERVATION COMMISSION

By:

Title

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and the role of the accounting department in ensuring the integrity of the financial data.

2. It is essential for the accounting department to implement robust internal controls to prevent fraud and ensure the accuracy of the financial statements.

3. The document also highlights the need for regular audits and the importance of maintaining a strong relationship with the external auditors.

4. In addition, the accounting department should ensure that all financial data is properly classified and stored in a secure manner to protect the company's confidential information.

5. The document further emphasizes the importance of staying up-to-date with the latest accounting standards and regulations to ensure compliance.

6. Finally, the accounting department should maintain a high level of transparency and communication with the management and the board of directors regarding the company's financial performance.
