OIL CONSERVATION COMMISSION,

By Roy J. YankroughTitle OIL & GAS INSPECTOR

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the integrity of the financial system and for the ability to detect and prevent fraud.

2. The second part of the document outlines the specific requirements for record-keeping, including the need to maintain separate accounts for different types of transactions and to ensure that all records are properly indexed and filed.

3. The third part of the document discusses the importance of regular audits and the need to ensure that all records are subject to independent review. It also emphasizes the importance of maintaining the confidentiality of all records and of ensuring that all records are properly stored and protected.

4. The fourth part of the document outlines the specific requirements for the storage and protection of records, including the need to ensure that all records are stored in a secure and accessible location and that all records are properly backed up and protected from loss.

5. The fifth part of the document discusses the importance of ensuring that all records are properly maintained and that all records are subject to independent review. It also emphasizes the importance of maintaining the confidentiality of all records and of ensuring that all records are properly stored and protected.

6. The sixth part of the document outlines the specific requirements for the storage and protection of records, including the need to ensure that all records are stored in a secure and accessible location and that all records are properly backed up and protected from loss.

7. The seventh part of the document discusses the importance of ensuring that all records are properly maintained and that all records are subject to independent review. It also emphasizes the importance of maintaining the confidentiality of all records and of ensuring that all records are properly stored and protected.
