Gentlemen:

The scheduled gas-oil ratio test in the Tubb Oil & Gas Pool for your J. C. Estlack Well No. 1 located in Unit T of Section 3, T-21-S, R-37-E, was in excess of 50,000 cubic feet of gas to 1 barrel of oil. Therefore, the well will be reclassified as a gas well effective January 1, 1985, and the oil allowable will be cancelled that date.

Please advise this office when you have complied with the rules governing gas wells in the Tubb Oil & Gas Pool in order that a gas allowable can be assigned.

Yours very truly,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District 1
