Mr. A. L. Porter, Jr., Director
New Mexico Oil Conservation Commission
P.O. Box 871
Santa Fe, New Mexico

Dear Mr. Porter:

The Oil Conservation Commission Order No. R-852 extended the Terry Elinebry Oil Pool to cover lots 14 and 15 of Section 4, T-21-S, R-37-E, and deleted the same area from the Elinebry Gas Pool. To comply with Order R-610 it is requested that you review the gas proration unit of Western Oil Fields created by Order R-615. Upon receiving your decision I will revise the gas allowable, if necessary.

Yours very truly,

Randall
