Gentlemen:

Due to the recently submitted gas-oil ratio test for your Curry Well No. 1 located in Unit C of Section 7, T-21-S, R-37-E, the well will be reclassified as a gas well in the Eumont Pool effective September 1, 1979, and the oil allowable will be cancelled that date.

Before a gas allowable can be assigned, it will be necessary for you to comply with the provisions of Division Order No. R-1670 pertaining to the Eumont Pool. For your well, this will involve the following:

1. A revised Form C-102 outlining the gas proration unit.
2. Application for a Non-Standard Proration Unit Order if the acreage to be dedicated is less than 640 acres.
3. If the gas purchaser changes as a result of this reclassification, Form C-104 designating the new purchaser.
4. Notification from the gas purchaser that the gas is separately metered.

If you have any questions regarding this matter, please feel free to contact this office.

Yours very truly,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District 1
