Attention of Mr. Eric F. Engbrecht

Gentlemen:

Please refer to your letter of February 9, 1961, concerning the plugged back depth of Hawk B-8 No. 3.

A bridge plug was set at 6055' with one sack of cement which would make a plugged back depth of 6053'. The Drinkard zone of this well is plugged and abandoned.

Corrected copies of the C-103 and C-104 are being forwarded to you.

Yours very truly,

A handwritten signature in dark ink, appearing to read "J. R. Parker".
