NOV 11 1980
U.S. CONSERVATION COMMISSION
WASHINGTON, D.C.

The proposed unit was wholly within the Governmental section.

All acreage within the proposed unit was previously in the Governmental section.

The length or width of the proposed unit does not exceed 330 feet.

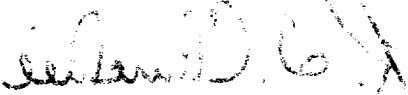

Provision 3. The proposed unit is located within the proposed unit is located and all operators within 1800 feet of the proposed unit will be notified of the intent of the proposed unit to ensure the proposed non-standard gas production unit.

The approval of this application for a non-standard gas production unit will, in the opinion of the applicant, prevent waste, protect correlative rights and serve the best interest of conservation.

In view of the existence of the facts herein stated and experience with the provisions of the Conservation Commission, the Commission hereby approves the above described non-standard gas production unit.

Very truly yours,

WILLIAM G. FERNANDEZ, JR.
